JESUS: PARABLE OF THE TEN VIRGINS

MATCHING THE SAME SYMBOLS

visual perception busy bag

Can you match each virgin with her lamp? Which virgin did not bring the oil?

This material is based on the parable of ten virgins, told by Jesus. The task is to find a match of a virgin and her lamp, as they both have the same symbol on them. There are 4 sets (green, blue, red and yellow) of 10 virgins and their 10 lamps. Each set also includes 5 oil jars for those virgins, who were prepared and brought their jars with them. However, the symbols on the oil jars are not completed, so it is more difficult for the child to find out to which virgin it belongs.

The set includes 4 different set of 4 different colors: altogether 40 virgins, 40 lamps and 20 oil lamps.
